---

EDUCATION

BACHELOR OF SCIENCE, INFORMATION TECHNOLOGY: Florida State University (Tallahassee, FL), 2016 – Fall 2019

Honors Student with a 3.94 GPA. Involved in the Community Outreach Group student organization.

Minor: Computer Science

EXPERIENCE

ASSOCIATE SYSTEM ADMINISTRATOR: Florida State University (Tallahassee FL), April 2018 - Present

Restructured all MacOS enterprise administration, developed Bash scripts for Ubuntu/CentOS servers, and wrote extensive documentation for various projects. My role further expanded to include work on specialty projects, including leadership positions among my coworkers.

IT MANAGER: On the Rocks Bartending (Tallahassee, FL), February 2017 – Present

Oversaw and executed IT projects that helped achieve the highest revenue in company history. Created an online submission form that resulted in $30,000+ of event orders, performed a migration to G Suite with zero downtime and data loss, and directly supervised 30 employees.

PROJECTS

WEBSITE MANAGER, Assistant to Tech Core: Center for Translational Behavioral Science, November 2018 - Present

Worked as the Website Manager for the CTSB, building their website from the ground up while collaborating with the FCIM, a local design group. My role was largely self-monitored, and deadlines were frequent. I practiced crucial teamwork principles in an enterprise environment, due to frequent collaboration with FCIM.

SKILLS

LANGUAGES: Java, Bash, JavaScript, CSS/HTML, PHP, C++,

DATABASES: MySQL, MS SQL, SQL Lite

OPERATING SYSTEMS: Arch Linux, Ubuntu LTS (16-18), Fedora, Ubuntu Mate, Windows, MacOS
